

Release Highlights 2.6.6

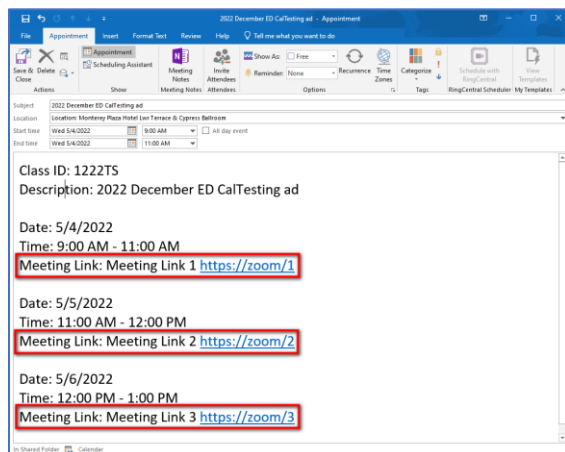

Rapattoni *Magic*-Cloud AMS 2.6.6 is coming soon! This exciting new version will give your association access to the enhancements listed below.

The following enhancements have been implemented in version 2.6.6:

- **NEW!** Integrated Meeting Link Functionality Now Available for the “Add to Calendar” Option
- **UPDATE!** Class/Event Registration Receipt Supports Multiple Class/Event Registration Details
- **NEW!** Added “Status” Field to Criteria for Sorting & Exporting Class License Information
- **NEW!** Meeting Links Button Added to Class/Event Information Form with Import Option for Multiple Class Meetings
- **NEW!** Scheduling Option for Close of Class/Event Registration

NEW! Integrated Meeting Link Functionality Now Available for the “Add to Calendar” Option

After registering for a class or event, users will now see meeting links display on the calendar invite details page when clicking the “Add to Calendar” button. With this enhancement, users will be able to easily access the meeting links, when available, directly from their calendar.

UPDATE! Class/Event Registration Receipt Supports Multiple Class/Event Registration Details

Previously, the class/event registration receipt only displayed registration details for one class/event even when registering for multiple classes/events. With this update, users will now receive a class/event registration receipt that contains details for all classes/events that they have registered for.

NEW! Meeting Links Button Added to Class/Event Information Form with Import Option for Multiple Class Meetings

In order to include meeting links in registration receipts, the Class/Event Information form has been updated with a new Meeting Links option that allows users to easily add meeting details, including the URL link and description. For classes with multiple meetings, the Import feature on the Meeting Links form will auto-populate the Class ID, Date, Start Time, and End Time fields from Class Meetings setup.

NEW! Scheduling Option for Close of Class/Event Registration

New Registration Close Date and Registration Close Time fields have been added to the Class/Event Information form. With these new fields, users are now able to set the exact date and time that they want a class/event to close and automatically be removed from the Member Portal.

Please note that the Registration Close Time field is based on the Pacific Time zone and not your Association's local time zone. For example, if you want a class/event registration period to end at 9:00 p.m. Eastern Time, you will need to set the Registration Close Time field to 6:00 p.m.

The screenshot displays the 'Class Information Form' interface. At the top, there is a navigation bar with icons for various actions: Copy Class, Class Description, Registration Description, Meeting Links, IMS Options, Rate Table, Instructors, Sponsored Items, Registered, Class Meetings, and Class Attendance. Below this is the 'Class Information' section, which includes fields for Class ID (1222TS), Course ID (0987652), and Class Name (2022 December ED CalTesting ad). The Registration Close Date is set to 05/04/22, and the Registration Close Time is set to 8:00am. A red box highlights these two fields, with a message 'Timezone is set to Pacific Time' above them. Other fields include Start Date (05/04/22), End Date (05/04/22), Rate Deadline (05/04/22), Start Time (9:00am), End Time (11:00am), Default Grade (P), Location, Course Provider, Comment, Attendees (Maximum 50, Registered 2), Options (Print Tickets, OK to Purge), and Accounting (Billing Group, Charge Code EDU). The form is last modified on 05/03/22 at 10:22:38.

As always, if you have any questions on these features or any other programs or processes in Rapattoni Magic-Cloud AMS, please don't hesitate to reach out to our support team at 1-866-730-7115 or via email to support@rapattoni.com.

Rapattoni *Magic*-Cloud AMS Maintenance Report

2.6.6

This report is designed to inform Cloud AMS key contacts of software maintenance items. Please note that this report may not be a complete list and that items affecting only one Cloud AMS customer may not be included in this report.

The following maintenance items have been implemented in version 2.6.6.

Member Application

- Previously, if the Policy HTML link was missing from the IMS New Account Setup form then the link would not display in the New Member Application Setup form. This issue has been fixed and the policy file will automatically display when launching the New Member Application Setup form.

Member Portal

- Following a recent deployment, it was discovered that the “Classes You Have Taken” form under the member’s Education History produced a blank screen. This issue has been fixed and the “Classes You Have Taken” form now displays the data properly.
